## The Political Doings On Maui and Hawaii.

## RETURNS BY DISTRICT AND PRECINCTS

The Next Meeting of the Maui Teachers to be Held on May 14th.—The Programme—Various Social Events—Stray Scribbles, Personal and Otherwise—Maui Marine Intelligence.

MAUI, May 5.—Election day, May 23, passed off on Maui most quietly, no demonstration of any sort, but the result, owing to the cumulative ballot law, created several surprises. Exclusive of Molokai, the result is as follows:

\*J. W. Kalua..... 448  
\*H. P. Baldwin..... 349  
\*J. K. Iosepa..... 309  
\*W. F. Pogue..... 287  
W. Y. Horner, Sr..... 247

The first four are probably elected, for it is not likely that the returns from Molokai will change the relative positions.

At Wailuku the friends of Kalua against his wishes and advice, "pooled their issues" exclusively upon their favorite, and he ran about five to one ahead of the other candidates.

In this district M. A. Gonzales, who was not a legal candidate, received 28 votes.

At Kahului Pogue received 16 votes, Baldwin 10, Kalua 7, Horner 2, and Iosepa 1. Here, as at Wailuku, the cumulative ballot privilege was used—this time for Mr. Pogue's benefit.

In Precinct 1, Makawao, the vote stood:

Kalua..... 31  
Baldwin..... 26  
Iosepa..... 20  
Horner..... 18  
Pogue..... 2

There were twenty-three rejected ballots out of a total of fifty, some of the Portuguese voters willfully voting blank tickets, owing to the fact that no American Union man was on the blue ticket.

A delicious lunch was furnished the inspectors of this precinct by one of the Makawao ladies.

At Precinct 2, H. P. Baldwin's friends, against his request, massed their votes upon him, and he received about 190 votes, running two to one ahead of the regular ticket. There were thirty blank ballots cast—for the same reason probably as in Precinct 1.

In Hana, exclusive of Keane, W. F. Pogue received 207, Iosepa and Kalua, each 78, and Messrs. Baldwin and Horner ran 30 or 40 behind the latter figure. Here the friends of Mr. Pogue showed their good will, though he had notified them that he withdrew in favor of Iosepa. [The vote of Keane has since been received and is included in the grand total.]

By the cumulative voting method it is simply a battle of friends for their favorites—a fine thing for the minority, but disastrous to the majority. On Maui, Mr. Horner, one of the regular Union Party nominees, is probably dropped out, simply because his Lahaina friends did not adopt the same tactics as were used by the friends of the other candidates, but voted, probably, a strict party ticket. The vote of Hawaii, as reported on Maui, is as follows:

D. H. Hitchcock..... 776  
Judge Lyman..... 742  
D. Kahaulelio..... 644  
Holstein..... 643  
Kauahane..... 593  
Horner..... 577  
Achi..... 50

D. Kahaulelio is a Maui boy, and a graduate of Lahainaluna Seminary.

## STRAY SCRIBBLINGS.

During Tuesday night, the 1st inst., as E. R. Biven was talking to the Portuguese watchman of Wailuku Plantation, a suspicious brightness was observed in the office. They both ran for the bell rope, and Biven kept ringing while the watchman went to arouse the men. Kelikipe, an assistant engineer, upon hearing the alarm, immediately seized a hose, broke in the office-door and extinguished the fire. Inside were discovered two large bottles filled with some explosive matter, and, owing to the early discovery of the incendiary attempt, the fire did not reach the bottles, and did but little damage. The fire was created from tarred rope. This surely was the work of fire-bugs. It shows the police to catch the perpetrators or die in the attempt.

At Kaunakapu Church, Wailuku, the past week has been given up to religious conferences. The meeting of native ministers was held daily from 9 to 12 M. The Y. M. C. A. also held daily assemblies from the Sunday schools of Maui, Molokai and Lanai, likewise met together each day of the week from 3 to 5 P. M. The latter body appointed W. E. K. Maikai superintendent of Makawao Sunday schools, J. K. Iosepa of East Maui schools, T. Clark of Wailuku, Rev. Hibio of West Maui, and Geo. Kekipi of Molokai. These superintendents were instructed to raise funds in their respective territories for the purpose of erecting a large \$2000 building in Wailuku, to be used for Sunday school conventions. About fifty representatives were present during the week, and the event of each day was the grand dinner furnished by the hospitable Wailuku people. On Monday Waikapu people furnished the viands, on Tuesday the Kalua people, on Wednesday the Punahala division, on Thursday the Kapapoko, and on Friday Mrs. J. W. Kalua was the hostess. Last week Hamakua people made its greatest record—235 tons of saccharine matter in six days. Paia mill recently turned out 254 tons in one week, which is said to be its best run. It is rumored that L. W. Zumwalt,

principal of the Ulupalakua school, will receive the appointment of port surveyor of Kahului.

Rev. O. P. Emerson of Honolulu was present at the conference of native ministers.

W. F. Pogue and family are at present rusticated on Hawaii. Improvements to the doctor's residence at Paia are well-nigh completed and Dr. Aiken and family will soon take possession.

PORT ITEMS.

The Alden Besse, Potter master, departed for San Francisco this week with full cargo of Paia and Haiku sugar.

As also did the John Baizley, Shepherd master, with Spreckelsville sugar.

Today, May 5th, the barkentine Retriever, Sloane master, arrived from Guaymas, Mexico, in ballast.

The barkentine G. T. Perkins arrived Wednesday, 2d inst., sixteen days from San Francisco. Merchandise for A. F. Hopke. She was off the island from Saturday till Wednesday.

Weather—Hot and muggy.

HAMAKUA, Hawaii, April 29.—Everything is very quiet in Hamakua just at present, which state of things is due partly to the weather, the rain having been falling almost continuously for some time past. This has put a stop to almost all outdoor sports. The Literary, which is growing to be the leading entertainment here, had to be postponed on account of the sickness of some of the participants. To make amends for this season of dullness, we have a brand new bride and bridegroom to brighten and enliven the scene, Mr. E. and Mrs. May Madden (nee Alexander), being the fortunate couple. This marriage was solemnized in Kohala and was said to have been one of the prettiest, if not the most brilliant event of the kind ever seen on the island, and yet I have seen no account of it in the papers.

A petition has been passing around praying the Government to put the prisoners at work on the Hamakua and Hilo Government roads, and it is to be hoped something will be done, as the road between Ooaka and Hakalau is almost impassable in rainy weather.

The residents wish to tender their thanks to Postmaster General Oat for the prompt manner in which our foreign and domestic mails are now forwarded, with a decided improvement in all postal matters.

The weather is still very cold here, the mountains being covered with snow, and it looks now as though there is every prospect of a rainy season and an abundant harvest for next season.

HONOKAA, May 3d.—Honokaa, Paunahau and Kukuihale mills are all at work grinding the last cane fields for this sugar season.

Yesterday being election day, the Government schools were granted a holiday.

Mr. George Hardy celebrated the 72d anniversary of his birth last Saturday. There was a very nice dinner provided to which all the town people went. After the dinner dancing was in order. R. T. Rickard furnished excellent music. At the close Hawaii Ponoi was sung, all standing. Then three uproarious cheers were given and many happy returns were wished.

The rainfall for April in Honokaa, 700 feet elevation, was only 1.89 inches. In the woods it amounts to more than six inches. A few showers fell last night.

By an error, "teacher" was printed in the last article of the Honokaa correspondence before this one, when referring to the school opening. It should have read: "The school attendance at the opening day after Easter vacation was seventy-five boys and girls, mostly Portuguese. However, the school board employs a native Hawaiian as school policeman (not teacher), who can speak nothing but Hawaiian."

I think that I wrote policeman in the letter referred to. As printed, it was a reflection on one of the teachers when nothing of the kind was intended.

From Molokai.

The Mokoli arrived at midnight last night and brought the election returns for the island of Molokai. They are as follows:

J. W. Kalua..... 24  
H. P. Baldwin..... 18  
J. K. Iosepa..... 13  
W. F. Pogue..... 10  
W. Y. Horner..... 6

Total..... 71

## CORRESPONDENCE.

## A Correction of a Statement of a Hamakuaite.

MR. EDITOR:—"The school attendance at the Government school here on the opening day after the Easter vacation numbered seventy-five boys and girls, nearly all Portuguese. The school board, however, employs as teacher a Kanaka who speaks nothing but Hawaiian."

The above clipping is taken from the items of your Honokaa correspondent and published in your issue of April 30th. I desire to make a correction. I have been connected with this school since 1888, when the attendance was about ninety which has steadily increased since. On the opening day after the Easter vacation the attendance was 159 and the enrollment 173, which during the week reached 176 children, the high water mark in the history of the school. The Portuguese do not number nearly all, but do number more than half or about 115.

The teachers number four. English is not the mother tongue of two of them, but they teach only in that language, and both of them speak it fully as well as your correspondent. I am the only Kanaka employed, if that is a correct form, all the other teachers are ladies. Instead of speaking "nothing but Hawaiian," I speak only English, teach only English and allow only English to be spoken in or about the school.

By giving this the same publicity given the original item, you will confer a great favor on Yours respectfully,

EVAN W. ESTEP,  
Principal Honokaa English School.  
May 2, 1894.

[The error referred to above, has been corrected by the correspondent referred to, as will be seen by reference, and should have read "policeman."]

## Members of the Convention.

The Constitutional Convention, as it now stands, will be composed of the following members:

From Oahu—A. G. M. Robertson, C. L. Carter, A. K. Kunuiakea, L. C. Ables, J. M. Vivas and A. Fernandes.

From Hawaii—D. H. Hitchcock, F. S. Lyman, D. H. Kahaulelio, H. L. Holstein and J. K. Kauhane.

From Maui—J. W. Kalua, H. P. Baldwin, J. K. Iosepa and W. Y. Horner.

From Kauai—A. S. Wilcox, G. N. Wilcox and W. H. Rice.

These are, of course, in addition to the nineteen members of the Executive and Advisory Councils.

## The Election Contest.

At a meeting of the Schuetzen Club, held last evening, it was decided unanimously that the Club should bear the expenses of Mr. Klemme's contest for a seat in the Convention. The Club thinks that Mr. Klemme was not fairly beaten, and it is determined to have representation in the Convention if possible. Mr. Klemme will ask for a re-count at once on the grounds that many of the ballots that were thrown out should have been counted. The result will be awaited with interest.

## Returns From Hamakua.

## OLD TRICKS.

## Desperate Cases Require Desperate Remedies.

There is no mean or absurd expedient to which the royalist native papers will not stoop in their desperate endeavor to fight annexation and keep up the false hopes and false fears of the ignorant natives. Here is a sample of one of Mr. Bush's effusions. It is a literal translation from Ka Leo:

Mr. Williams was the chairman of the Inspectors of Election of the First Precinct, Fourth District. It is extremely surprising (an unprecedented act) that a coffin-maker should be placed as chairman of the Board of Inspectors of Election of a district which polled the largest number of voters in the city of Honolulu. It is a customary fact that if the face of an undertaker is seen mingling among a family, an audience, a crowd, organization meeting, organizing a government, etc., it will end disastrously, and ruin is sure to follow.

We recall the fact of the unsuccessful mission of the Land-Covering Commissioners which left here for America on Friday, January 19, 1893. One fact is certain, that an undertaker was seen among the passengers who left on the Claudine on that day. This shall be the end of this election of delegates.—Ka Leo, May 4.
